**HRDF Claimable**  
 \*subject to approval  
**CPD Points** will be awarded

- Infection prevention and control measures aim to ensure the protection of those who might be vulnerable to acquiring an infection both in the general community and while receiving care due to health problems in a range of healthcare settings.
- The workshop is relevant as it aims to prepare the nurses and other healthcare professionals by updating the current infection control practices in the community and healthcare settings.

## OBJECTIVES

- To provide comprehensive updates in the prevention and control of infections in healthcare settings
- To create awareness on current issues in infection control and practice
