International Medical University,  
Bukit Jalil, Kuala Lumpur,  
Malaysia

## ▶ KEYNOTE SPEAKERS ◀

**Dr Shekhar Bhatia**  
Senior Lecturer  
Programme Director  
Post Graduate Diploma in Endodontics

**Dr Kiran Rehman**  
Lecturer  
Division of Restorative Dentistry

**Dr Naveen Chhabra**  
Senior Lecturer  
Division of Restorative Dentistry

**E**ndodontics often presents clinicians with challenges in various phases of treatment. Endodontic diagnosis, followed by shaping cleaning and obturation are all steps of root canal therapy that can require a thorough understanding and clinical skill.

This course is designed to improve the understanding of endodontic diagnosis as well as the clinical skills required to achieve success in treatment.

The workshop includes 2 days of lectures, demonstrations, and hands-on exercises on extracted teeth using the Dental Operating Microscope. The workshop will provide the dental practitioner with the confidence to perform root canal therapy under magnification using ultrasonics, rotary systems, irrigation devices as well as thermoplasticized obturation techniques.

The workshop also includes OSCE Stations, and case-based learning focusing on diagnosis, treatment planning, and problem-solving in non-surgical root canal treatment and re-treatment.

## OBJECTIVES

- Develop integrated knowledge of root canal morphological variations, the concept of minimal invasive endodontics, and their impact on endodontic treatment outcomes in multi-rooted teeth.
- Perform non-surgical root canal therapy using a rotary system and post-endodontic restoration of multi-rooted teeth.
- Identify possible outcomes of root canal therapy of multi-rooted teeth, as well as the need for future supportive care, prevention, and maintenance.

## REGISTRATION FEE *(inclusive of SST)*

Regular	IMU Staff / Alumni / Student (Non IMU)	IMU Student
<b>RM2500</b>	<b>RM1750</b>	<b>RM1250</b>
