The "Embracing the AI for Education" Workshop is an one-day workshop aims to educate participants on the fundamental concepts of artificial intelligence and its applications in education. It covers both theoretical aspects, such as AI fundamentals, the blueprint of AI for education, and ethics in AI, as well as practical, hands-on experience with AI tools for creating educational content and media assets.

OBJECTIVES

At the end of the workshop, participants will be able to:

- Understand the fundamental concepts of artificial intelligence and its application in education.

- Identify the ethical considerations involved in using AI tools in an educational setting.

- Gain hands-on experience with generative AI tools to create educational content and media assets.
